KEY FEATURES

*** Customize your cooking**

Create meals that reflect your personal style with a single oven that can be used in many ways. The advanced cooking technologies include a Convection Oven, Microwave, Toaster Oven, Warming/Proofing Oven, and Speed Cook Oven with Advantium Technology

*** Speed cooking with oven quality results**

Achieve delicious oven-quality results two to four times faster than a conventional oven with a blend true European convection heat, microwave and the energy from light that balances the heat type and source to give amazing results in a fraction of the time.

*** An LCD display with a touch of style**

Easily navigate wall oven settings with the beautiful full color display that adds a unique element of style to your kitchen.

*** Perfectly reheated food**

You get crispy results at microwave speed with 20+ reheat programs for leftovers that taste like first time to table.

*** No pre-heat required**

Your dishes begin to cook immediately because the Café(TM) CustomCook Speed Oven with Advantium(R) Technology needs no pre-heat time and cooks two to four times faster than a conventional oven.

*** Bring the flavor with steam**

Use the steam option to cook a variety of proteins such as fish, chicken and pork, vegetables and grains such as rice, pasta and quinoa. The steam option creates a moist cooking environment, keeping foods juicy and full of flavor.

*** Create a look that matches your personal style**

Select any combination of premium finishes and hardware options to create a stunning look customized to any taste

*** The perfect fit you've always dreamed of**

When you're updating your kitchen, attention to detail is a priority. That's why CAFÉ(TM) Advantium wall ovens are guaranteed for an exact fit for an easy and seamless replacement.
