AT A GLANCE

Easily install this convertible compactor to take care of the trash anywhere. With a portable design, it can even go in the garage or pantry. The generous 1.4 cu. ft. capacity holds more, so you can take the trash out less. Easy Rollers(TM) installation wheels help you position the compactor where you want it. Plus, the Touch-Toe(TM) provide hands-free opening. A light tap of the toe does the trick, releasing the drawer with ease. What's more, you get Touch Pad controls on the Clean Touch(TM) console. Its smooth surface has no dials or switches so it wipes down easily with the simple swipe of a cloth.
