AT A GLANCE

GE(R) appliances provide up-to-date technology and exceptional quality to simplify the way you live. With a timeless appearance, this family of appliances is ideal for your family. And, coming from one of the most trusted names in America, you know that this entire selection of appliances is as advanced as it is practical.

KEY FEATURES

*** Dry Boost(TM) Technology**

Dry Boost(TM) Technology outperforms standard heated-dry dishwashers by getting hard-to-dry items like plastics up to 3 times drier when compared to heated dry.

*** Third Rack**

The versatile third rack was redesigned to load more than just silverware with additional space for unique items.

*** 4 Bottle Wash Jets**

Ensure a deep clean for tall items, narrow glasses, jars and more thanks to this dishwasher with bottle jets. 4 powerful jets direct water and detergent inside to effectively wash hard-to-reach areas.

*** Adjustable Upper Rack**

Lift or lower the adjustable top rack of the dishwasher to accommodate bottles, large platters or any items as tall as 10.5" thanks to flexible loading capabilities.

*** Steam + Sani**

Save time with a high-temperature cycle that steams and sanitizes

*** High Wash Performance**

Get a complete wash with no pre-rinse thanks to a variety of wash cycles that provide a powerful clean. No matter how many dishes you load or how dirty they are, rest assured you'll get spotless results every time.

*** Active Flood Protect**

This dishwasher features Active Flood Protect, which prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high, pumping it out until a safe level is reached.

*** Reliable Performance**

Enjoy trusted performance from a trusted brand with this American-made, dependable dishwasher that provides totally clean and dry dishes with every cycle.
