KEY FEATURES

*** 3 Rack Dishwasher**

This dishwasher has a third rack without dedicated compartments, giving you extra capacity and flexibility to store everything from lids and serving utensils to small bowls

*** Bottle Jets**

This dishwasher with bottle jets ensures a deep clean for tall items, narrow glasses, jars and more. In the upper rack, each of the four bottle jets directs water and detergent inside to effectively wash hard-to-reach areas

*** Dry Boost(TM)**

Dry Boost gets hard-to-dry items like plastics up to 3x drier compared to heated dry

*** Wash Zone**

Wash a true half load in the upper or lower rack whenever you need to, instead of waiting on a full load. Just choose your wash zone: upper or lower. The feature works in combination with most cycles, saving you time and conserving energy

*** Steam + Sani**

Save time with a Steam option that loosens tough soils before the wash cycle begins, so you get a complete clean with no pre-rinsing or soaking necessary. Plus, a Sanitization cycle reduces 99.999% of bacteria on dishes

*** AutoSense Wash Cycle**

This energy efficient dishwasher has an AutoSense cycle that detects the soil level and amount of dishes, then automatically adjusts wash settings for the ultimate clean

*** High Wash Performance**

Get a complete wash with no pre-rinse, thanks to a variety of powerful wash cycles. No matter how many dishes you load or how dirty they are, rest assured you'll get spotless results every time

*** Adjustable Upper Rack**

Enjoy flexible loading with an adjustable upper rack. Easily move it up or down to fit bottles, large platters and other items as tall as 10.5
