AT A GLANCE

GE(R) appliances provide up-to-date technology and exceptional quality to simplify the way you live. With a timeless appearance, this family of appliances is ideal for your family. And, coming from one of the most trusted names in America, you know that this entire selection of appliances is as advanced as it is practical.

KEY FEATURES

*** Dry Boost(TM) Technology**

Dry Boost(TM) Technology outperforms standard heated-dry dishwashers by getting hard-to-dry items like plastics up to 3 times drier when compared to heated dry.

*** Third Rack with Removable Silverware Caddy**

The versatile Third Rack was redesigned to load more than just silverware with additional space for unique items.

*** Deep Clean Silverware Jets**

A system of 40 deep-cleaning silverware jets blasts the silverware basket from the bottom up, removing all stuck-on food for sparkling results.

*** 4 Bottle Wash Jets**

Ensure a deep clean for tall items, narrow glasses, jars and more thanks to this dishwasher with bottle jets. 4 powerful jets direct water and detergent inside to effectively wash hard-to-reach areas.

*** Smooth-Glide Upper Rack**

This dishwasher with a smooth-glide rack makes loading and unloading smooth and simple. It easily extends on stainless steel ball bearings, so you can make light work of even the heaviest loads.

*** Steam + Sani**

Save time with a high-temperature cycle that steams and sanitizes. Get a complete wash with no pre-rinsing or soaking necessary and reduce 99.999% of bacteria.

*** High Wash Performance**

Get a complete wash with no pre-rinse thanks to a variety of wash cycles that provides a powerful clean. No matter how many dishes you load or how dirty they are, rest assured you'll get spotless results every time.

*** Active Flood Protect**

This dishwasher features Active Flood Protect, which prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high, pumping it out until a safe level is reached.
