AT A GLANCE

GE(R) appliances provide up-to-date technology and exceptional quality to simplify the way you live. With a timeless appearance, this family of appliances is ideal for your family. And, coming from one of the most trusted names in America, you know that this entire selection of appliances is as advanced as it is practical.

KEY FEATURES

*** Water Level Control**

This top load washer with water level control and Extra Rinse option allows you to use as much or as little water as necessary to get the perfect clean.

*** My Cycle Setting**

Make laundry simpler by saving your favorite wash settings as a preset for future use with the My Cycle setting

*** Eco Cold**

Wash without compromise in cold water. When selected Eco Cold adjusts wash action to achieve a great clean while saving up to 90% on energy costs. Energy savings using cold water vs. hot water for the normal cycle with a max load using the DOE test procedure to measure machine and hot water energy.

*** Soak Rinse**

Reduces bacteria and viruses with a final cold soaking rinse when using color-safe liquid sanitizers to boost your detergent's cleaning power and remove tough odors on even you most delicate laundry

*** Quick Wash**

This washer with quick wash allows you to enjoy great wash performance in under 24 minutes. *Using default settings.

*** Deep Fill**

This Deep Fill washer give you total control of water level. Press once for an additional 3 gallons or press and hold to fill up a full 26 gallons.

*** Dual Action Agitator**

This durable, built-in ,Dual Action Agitator provides better circulation and turnover of clothes to achieve a deep clean while being gentle on your clothes. The agitator is comprised of two pieces; the top half which operates independently of the bottom to guide clothes through the water, while the bottom half gently agitates clothing along the bottom of the wash basket for a thorough, even cleaning

*** Custom Wash Settings**

Optimize your laundry settings with the total flexibility to adjust rinse, temperature, spin or soil level to get the best clean for each load.
