

# Scratch & Dent JennAir RISE 36" Stainless Steel Gas Professional-Style Range, 5.1 Cu. Ft., 6 Burners, Dual-Fan True Convection, Wi-Fi Enabled

Brand: Jenn-Air | Model #: JGRP436HL-4 | SKU: JGRP436HL-4

**SCRATCH & DENT PRICE: \$4,679.40 | MSRP: \$7,799.00 | SAVE 40%**

Condition Grade A | In Stock: 1 | Includes 1-Year Factory Warranty

## AT A GLANCE

Precise dual flames produced by precision-drilled brass burners. Inside the 5.1 cu. ft. oven, steady heat from Dual-Fan True Convection weaves around flat-tine glide racks for exceptional roasting and baking. Six burners - including three 20,000 BTU dual-stacked PowerBurners - deliver true firepower for searing, wok cooking, simmering and melting. Halo-effect LED knobs, halogen cinematic lighting, a connected temperature probe, Wi-Fi remote access and the JennAir Culinary Center round out a flagship cooking experience.

## KEY FEATURES

### \* 20,000 BTU Dual-Stacked PowerBurners

Two stacked, symmetrical flames bloom and retreat at your command - high-heat searing and wok cooking up top, low-and-slow simmer and melt below (turndown to 1,650 BTU).

### \* Dual-Fan True Convection

Steady heat circulated by twin metal-blade convection fans wraps every flat tine for even, browned roasts and baked goods.

### \* Connected Temperature Probe

Know when dinner is done without ever opening the door - precision internal-temp readings sent right to the JennAir app.

### \* JennAir Culinary Center

Step-by-step support with customized algorithms, full-color food photography, doneness levels, pan types and menu-specific tips.

### \* Wi-Fi Remote Access

Preheat, check cooking status, personalize settings and receive real-time notifications from iOS or Android. Works with Alexa and Google Assistant.

### \* Halo-Effect Knobs

A halo of luminary LEDs glows softly when the burner is lit or the oven is on - and lets you choose Stainless, Brass or Glow.

### \* Flat-Tine Glide Racks

Three roll-out racks with flat tines deliver increased cookware contact for better heat transfer and smooth side-to-side glide.

### \* Cast-Iron Continuous Grates

Robust geometric grates form one graceful surface crafted to withstand heavy woks and cookware. Dishwasher-safe and porcelain-coated.

### \* Cinematic Halogen Oven Lighting

Halogen lights ramp to full intensity, minimizing shadows and dramatically showcasing food.

### \* Closed-Door Broiling

Caramelized crust, delicate char, tender center. High, even heat with outstanding ventilation lets you sear fearlessly.

### \* Versatile Cooking Modes

Bake, Broil, Convection Modes, Delay Start, Favorites, Proofing, Rapid Preheat, Sabbath Mode, Slow Cook, Temperature Probe, Warm Hold and more.

### \* Smooth-Close Door

Quiet, soft, secure - your oven gently pulls the door closed.

### \* Equilibrium 4-Point Leveling

Precise leveling system tucked behind the removable toe-kick with up-front access to all four legs for easy install.

### \* Adaptable Installation

New construction, replacements or upgrades from sub-par models - supplied power cord and expanded electrical utility area simplify install.

**\* Flame-Sensing Re-Ignition**

If a draft blows out a flame, intelligent Flame-Sensing re-ignition automatically sparks it back to life.

**SPECIFICATIONS**

<b>Color</b>	Stainless Steel
<b>Range Type</b>	Professional
<b>Fuel Type</b>	Natural Gas
<b>Range Configuration</b>	Freestanding
<b>Design Expression</b>	RISE
