Brand: KitchenAid | Model #: KRFF577KPS-3 | SKU: KRFF577KPS-3

SCRATCH & DENT PRICE: \$1,547.15 | MSRP: \$3,699.00 | SAVE 58%

Condition Grade B | In Stock: 3 | Includes 1-Year Factory Warranty

AT A GLANCE

This standard-depth French door refrigerator keeps ingredients fresh and in easy reach with specialized spaces that make room for everything from salmon to sangria. A full-width pull-out tray fits platters and casserole dishes without stacking, while a slide-away shelf adjusts to accommodate tall pitchers and carafes. The ExtendFresh(TM) temperature management system maintains optimal temperatures for fresh and frozen foods.

KEY FEATURES

* Platinum Colored Interior with Metallic Accents

Brings premium style inside the refrigerator to complement the quality ingredients you keep on hand. Sleek silver colored walls accented by metallic trim on shelves, drawers and door bins offer a step up from the standard white interior.

* PrintShield(TM) Finish

Resists smudges and fingerprints. The specialized coating for stainless steel is easy to clean with just water and a soft cloth, so you can spend more time cooking and less time cleaning up the kitchen.

* ExtendFresh(TM) Temperature Management System

Maintains optimal temperatures for fresh and frozen food. This single evaporator system uses sensors to continually monitor temperature levels in both the refrigerator and freezer and adapts the flow of cold air between them.

* Pull Out Tray

Pull-out tray fits platters and casserole dishes without stacking.

* Slide-Away Shelf

Adjusts to accommodate items of different heights. It can be used as an additional full-depth shelf or the front half can be pushed back to make room for tall items like pitchers and carafes below.

* FreshChill(TM) Temperature-Controlled Full-Width Pantry

Lets you choose the optimal temperature for what you're storing with custom settings for Fish & Meat, Deli & Cheese and Wine.

* SatinGlide(R) Crispers and Pantry Drawers

Feature sturdy metal slides that open and close with ease, even when fully loaded.

* Two-Tier Freezer Drawer with Storage Dividers

Allows you to organize frozen foods so they're easy to find. Adjustable dividers on each level let you customize the layout to suit your needs and keep smaller items from getting lost under larger ones.

* Exterior Ice and Water Dispenser

Provides quick access to filtered water and ice to easily fill glasses, pitchers and measuring cups without having to open the refrigerator door.

* Measured Water Fill

Allows you to select and dispense the exact amount of filtered water you need with settings for ounces, cups or liters. It also saves favorite settings for frequently used items like a coffee pot or water bottle.

* In-Door-Ice(R) System

Hides the icemaker within the refrigerator door to free up shelf space inside. A removable ice bin provides easy access.

* LED Interior Lighting

Turns on when the refrigerator door or freezer drawer is open, making it easy to find items inside.

* Light-Touch Controls

On the front of the refrigerator make it easy to choose temperature settings, control the icemaker and check the status of the water filter, all without opening the door.

*** Max Cool**

Helps quickly chill recently loaded groceries by setting the refrigerator compartment to the lowest temperature levels and maintaining them there for up to 24 hours.

*** Sabbath Mode (Star-K Certified)**

To meet kosher requirements for use on the Jewish Sabbath and other religious holidays. Turning on Sabbath Mode disables the refrigerator's automatic lights and alarm tones.

*** Energy Star(R) Certified**

Exceeds government standards for energy efficiency, supporting sustainability and helping to save money on utility bills.
