KEY FEATURES

- * Speedcook oven 120v (upper oven)**
Achieve oven-quality meals up to 2-4 times faster than a conventional oven. Its smart algorithms adjust cooking times and modes to ensure consistent results every time. Experience perfect meals at hyper-speed with Advantium advantage.
- * True European Convection (lower oven)**
Faster, more even cooking results from a third heating element and fan combination
- * Brilliant 7" LCD Display**
A sleek, interactive touch screen that is easy to use and includes pre-programmed menus
- * No Preheat Air Fry**
Cook healthier, crispier versions of your favorite foods in less time, thanks to an air fryer right in your oven that doesn't require preheating (optional air fry tray sold separately)
- * Steam Bake Mode**
Prepare meals like a chef with a built-in, refillable water reservoir that ensures consistent steam for hours, efficiently transfers heat, and maintains even heat distribution, for crispy steamed vegetables, breads with crispy crust, and perfectly roasted meats and fish.
- * Steam Sous Vide Mode**
Achieve sous vide results right in your oven and bring out the best in foods like seafood, poultry, and vegetables through a temperature control system that cooks food at a constant low temperature to provide a precise level of doneness while retaining the flavors, colors, and nutrients of the ingredients.
- * 28 pre-programmed menu selections**
Pre-programmed options for a wide range of dishes make meals easy.
- * 8-pass bake element (lower oven)**
Even baking is assured with heat that covers more surface area
